

# HTC Droid Incredible Battery Replacement

Battery removal.

Written By: Andrew Optimus Goldheart

## INTRODUCTION

Use this guide to replace or upgrade the battery in your Droid Incredible.

## Step 1 — Battery

- Press your thumbnail into the slot between the rear panel and the front case located in the bottom of the phone.
- ⓘ Useful tip: a penny or dime works in a pinch if you can't use your thumbnail.
- Gently pry the rear panel up and away from the phone. You may need to slide your thumb up the crack to separate the rear panel from the front case.

## Step 2

- Remove the rear panel from the phone.

### Step 3

- Insert a fingertip into the gap between the battery and the rear inner frame, located between the battery and the speaker. Slide the battery away from the speaker, widening the gap.
- Lift the top of the battery up and remove the battery from the rear inner frame.

To reassemble your device, follow these instructions in reverse order.
