INTRODUCTION

This guide shows how to eject and replace the dual SIM card tray for the OnePlus 3.

TOOLS:

- SIM Card Eject Tool (1)

Step 1 — SIM Card Tray

- Insert a SIM eject tool, bit, or straightened paperclip into the hole located between the SIM card slot and the power button.

- Press firmly to eject the SIM card tray.

- During reinstallation, make sure that the SIM card tray is properly oriented. It fits in only one direction.

Repair didn't go as planned? Check out our [OnePlus 3 Answers community](#) for troubleshooting help.
