## INTRODUCTION

Free yourself from power cords with a new battery for your Lenovo ThinkPad Edge E40, or hot-swap your batteries if you need extra battery life on the go.

## Step 1 — Battery

- Flip your laptop over.
- Unplug all cables from the computer. If you're just swapping the battery, you can leave the power cord plugged in.

## Step 2 — Battery

- Pull the locking tab on the battery towards the unlock position.
- Pull the battery out of the socket.

To reassemble your device, follow these instructions in reverse order.

Take your old battery to an authorized [E-waste recycler](#).
