LG G8 ThinQ Back Panel Replacement

How to replace the back panel on an LG G8 ThinQ smartphone.

Written By: Kristen Gismondi
## 🔧 TOOLS:

- SIM Card Eject Tool (1)
- iFixit Opening Tool (1)
- Plastic Cards (1)

This document was generated on 2022-01-05 09:55:24 PM (MST).

Step 1 — SIM Card Tray

- Unplug and power off your phone before you begin.

- Insert the SIM card eject tool into the pinhole in the lower right side of the phone.

- Remove the SIM card and tray.

Step 2 — Back Panel

- Place the phone so that the screen is facing down.

- Insert opening cards between the back panel and frame of the phone to loosen the clips and adhesive.

- Using equal pressure, carefully pry the back panel away from the phone.

- Once enough space has been created, use an opening tool to completely separate the back panel from the phone.
