

# Disassembling Nokia 3560 LCD Display

Written By: Sam Ryan

---

## INTRODUCTION

This guide will show you how to remove the LCD Display from the Nokia 3560.

---

### TOOLS:

- [64 Bit Driver Kit](#) (1)
-

## Step 1 — Back Cover

- Press down on the release latch on the bottom of the cover.
- Once the latch is released, lift the cover from the phone.

## Step 2 — Disassembling Nokia 3560 Keypad

- Lift the front case off of the phone body.

### Step 3

- Lift the keypad off of the phone.

### Step 4 — Disassembling Nokia 3560 LCD Display

- The screen is held to the body by six screws.

## Step 5

- Unscrew the six screws with a Torx screwdriver (six-pointed star shaped bit).

## Step 6

- Insert a flat screwdriver between the black body and plastic layer.

## Step 7

- Pry the layers apart. The LCD and plastic layer will lift out as one piece.

To reassemble your device, follow these instructions in reverse order.
